GENERAL SAFETY

Read this manual thoroughly before you start using the product.

Store this manual, the completed warranty card, your receipt and the product packaging.

The safety precautions instructions reduces the risk of fire, electric shock and injury when correctly complied to.

Please follow all instructions and take notice of all warnings.

Please follow instruction when installing this product in accordance with the instruction manual. This product must be positioned in a sufficiently stable location.

- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

GENERAL SAFETY INSTRUCTIONS (Cont.)

- Do not cover the ventilation openings of the product with items such as newspapers, tablecloths, curtains etc or insert objects into the slots available on the products. As this could result in the product temperature rising and could cause a fire.
- If you notice any unusual odors or smoke around the unit, immediately disconnect the unit from the outlet and contact the service center. Failure to do so may result in fire or electric shock.
- When not using the unit for long periods of time or when you are moving the unit please ensure to disconnect the power supply from the USB Socket.
- Please beware that Dust could accumulate over time on the unit and cause it to generate heat and or deteriorate insulation, which in turn may result in an electrical fire.
- To maintain the product do not use any chemical or cleaning agent or wet cloth, please only ensure to utilize a dry cloth to wipe it down from marks or dust and only after unplugging the product from the power socket.
- Please ensure to contact our call center for any repair or service required for the products not doing so will make warranty on your product void.
- We assume no liability for any eventual damages to property or injury to persons caused by misuse of the product or noncompliance with these instructions.

Please make sure upon positioning this product, the place is:

- Not wet or damp and Well ventilated
- Away from direct sunlight or products.
- Do not place small metallic objects on top of the unit or block the openings as it will reduce operating efficiency of the air con with failures or damages.
- The appliance shall under no circumstances, be covered with insulating material or similar material.
- Away from splashes or food.
- Protected from excessive dust or grease.

GENERAL SAFETY INSTRUCTIONS (Cont.)

- Do not use the unit outdoors. It is for indoor use only.
- **WARNING:** Do not cover! Do not cover the product or obstruct any opening. Obstructing these openings causes a fire hazard, reduces the operating efficiency and may lead to malfunction or damage.
- Do not insert any objects, or your fingers, into the air outlet, and make sure to warn children of the dangers. Keep ventilation openings clear of obstructions.
- Do not use if there are visible signs of damage to the product
- Place the unit on a flat surface to reduce the risk of it tipping over. Do not tilt the unit, always keep it upright during installation and use.
- We accept no responsibility for any eventual injuries or damages caused by improper installation, faulty use or failure to follow the instructions.

WARNING:

- Maintenance must only be carried out by properly qualified, authorised personnel. If the appliance requires maintenance or service, contact our after sales support centre info@ayonz.com

ASSEMBLY

PLEASE MAKE SURE TO REMOVE PLASTIC AROUND THE FILTER BEFORE OPERATING THE COOLER.

1. Open the top compartment and take out the filter.
2. The filter will be wrapped in plastic, please remove it.
3. Insert the filter back into the cooler.
4. Take off the water tank on the side of the cooler and fill it up.
(Do not completely fill it up as you do not want the water to spill).
5. Insert the water tank back into side of cooler.
6. Plug in the Micro USB (provided) into the side of the cooler and the other end which is a USB-A into a powered USB socket to operate the cooler.

PRODUCT OVERVIEW

OPERATION

MAKE SURE WATER TANK IS FILLED.
